

Since 1990

WATERPROOFING MEMBRANE CT MaSTAR™

FINEST NEW WATERPROOFING MEMBRANE

Superior Product Performance

CT MaSTAR is sustainable membrane proven to last under the harshest conditions. CT MaSTAR provides superior water-proofing & adhering performance in the various climate conditions.

Installation Efficiency

CT MaSTAR is designed to increase installation efficiency. Easy handling and simple installation helps a minimum labor cost.

Advanced-Tech Automated Equipment System

- **Installation Friendly:** Self-adhering membrane with removable release film without any need for naked flames
- **Dimensional Stability:** Automated Sense System on the production line enabling product to maintain a minimum tolerance of product dimension
- **Crack Resistance:** SBS Rubberized Asphalt membrane has excellent crack resistance with natural characteristic of high elasticity & flexibility
- **High-Grade Organic Mat:** Provides the ultimate tensile & tearing strength as well as nature of slip-proof. It helps safety & easy working environment
- **Prime Packaging:** Advanced vacuum packing provides ease in delivery, storage & handling

SPECIFICATION	1 Roll
Length	10m
Width	1m
Nominal Size	10m ²
Coverage	9m ²

made in Korea
